About Me

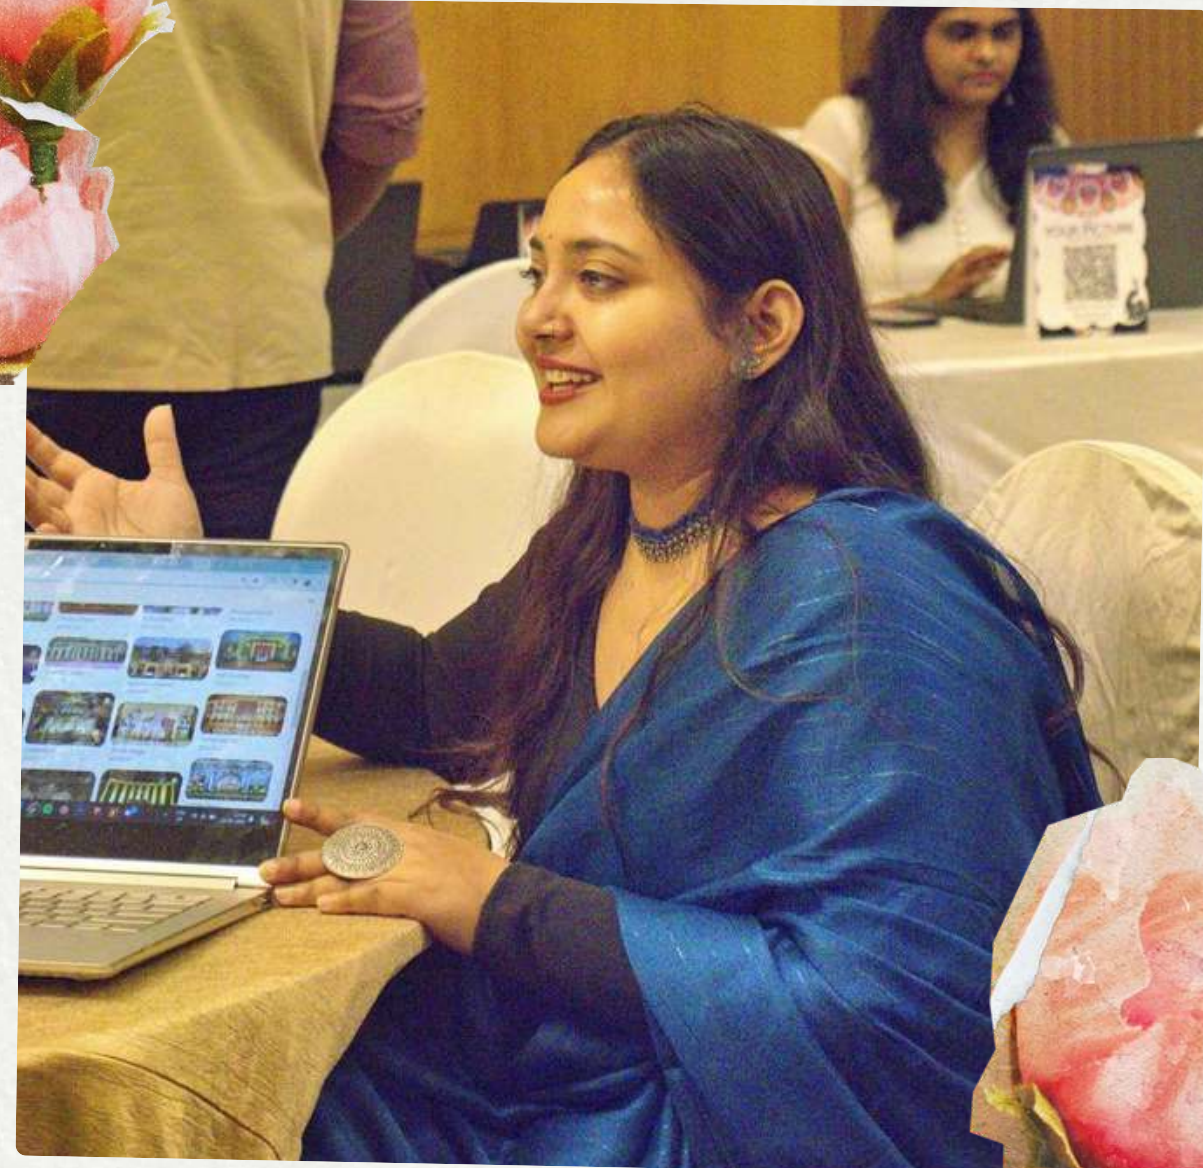

Six years ago, I stepped into the world of events not with a title, but with curiosity and a willingness to learn every moving piece behind a perfect experience. My journey began in the destination wedding circuit across North India—crafting celebrations in cities like Lucknow, Rajasthan, Jim Corbett, Rishikesh, Orchha, and Gwalior.

In those early days, I immersed myself in every layer of an event—decor, hospitality, guest experience—gradually evolving into someone who didn't just execute events, but owned the entire customer journey. From the first conversation to the final farewell, I learned how to build trust, deliver under pressure, and create moments that truly matter.

Three years ago, I moved to Bangalore to expand my perspective beyond weddings and into the world of corporate events. Here, I've had the opportunity to work with leading brands like Collins Aerospace, Scania, Tokai rika, and Vishjet, while also building strong customer experience portfolios with clients such as Champion Group, Educational Initiatives (Ei), and Ignito.

My journey with Meragi marked a defining shift—where I not only contributed to scaling premium wedding experiences but also played a key role in strengthening the corporate events vertical. Over time, I began working with high-value clientele, closing deals worth up to ₹2Cr, and executing events across some of Bangalore's most premium venues.

A major milestone in my journey was closing and delivering the company's first international wedding in Bali—an experience that truly brought together everything I had learned over the years. Today, I continue to grow at the intersection of sales, operations, and customer experience—constantly learning, pushing boundaries, and setting new benchmarks. For me, every event is not just about execution, but about creating an experience that stays long after the moment has passed.

My Favorite Project

From a 3d to Reality

Lighting

Addition of ornate chandeliers to the backdrop captures the elegant and regal atmosphere of Khilwat Mubarak, the heart of Chowmahalla Palace. Their classic design and timeless appeal add grandeur and memorable setting.

STORY IN DETAILS

Backdrop

The stunning ambiance of the starry night sky is beautifully emulated by the dreamy backdrop of fairy lights and fabric, creating a mesmerizing visual spectacle.

Structure

The architectural structures inspired from arch doorways of Golkonda fort, with LED lights offer a blend of historical and modern design. The décor represents the elegance of historical monument in night, keeping it very chic and contemporary. Overall, it's a stunning sight to behold, and one that leaves a lasting impression on guests.

From Attending to Arranging

Still can't get over the scale and energy of this one — a live concert with a crowd of 1.8 lakh at Gwalior Stadium. Featuring celebrated artists Meet Bros and Khushboo Grewal, the event also marked the launch of Mahanaaryaman Scindia, son of Union Minister Jyotiraditya Scindia. From once being part of the audience to now helping bring such experiences to life — this one truly felt surreal.

Where Milestones Turned Into Memories

A 5-day corporate celebration at Hilton Manyata for EI (Educational Initiatives) — a fast-growing startup marking a significant chapter in their journey. From hosting their first international annual meet to celebrating their expansion and launch in Dubai, this event was all about growth, vision, and coming together. Thoughtfully executed and seamlessly managed, it concluded on a high note — with smiles all around and a heartfelt client review that truly made it special.
